BCF

Bitcoin Cash is the original currency designed by Satoshi.

A person-to-person online global digital cash system.

A decentralized currency not controlled by any one person.

A secure, high-speed and low-cost payment system.

Bitcoin Cash

For everyone

How Can Your Business Benefit From Bitcoin Cash?

Why Your Customers Will Love Bitcoin Cash

Zero Transaction Fees

With credit card processing fees reaching all time highs, Bitcoin Cash can save your business thousands.

No Chargebacks

With Bitcoin Cash chargebacks become a thing of the past, protecting your business against fraudulent payments.

International Business Friendly

Bitcoin Cash is a global currency. Anyone can pay for your services or products from anywhere in the world.

Large & Loyal Customer Base

Bitcoin Cash users are both passionate and adaptive, and will choose your business.

Free Advertising

Bitcoin Cash continues to dominate the front page. Gain exposure simply by accepting it.

Low Fee & Friction Free

Bitcoin Cash has no international exchange fee & allows for anyone to pay from anywhere for less than 1¢.

Vault-level Security

You no longer need to store your customer's sensitive financial information.

Give Discounts

You can pass on the savings you make to your customers to give you a competitive edge.

Simple UI & UX

All they need to do is scan a QRcode and click pay. No long credit card details to enter.
